1. Executive Summary

TrainingPro is a multi-tenant, white-label, Bangla-English bilingual SaaS platform designed to serve two major customer segments simultaneously:

1. Private vocational training centers, IT institutes, and language schools
2. Government, semi-government, and NGO skills development projects (SEIP, NSDA, NTPA, UCEP, BRAC, PKSf, etc.)

The same software allows a private institute to run paid courses while also managing fully donor-funded or subsidized training projects with 100% compliance reporting in one click.

2. Business Objectives & Success Metrics

Objective	Year-1 Target	Year-2 Target
Active Paying Tenants	500+	2,000+
Monthly Recurring Revenue (MRR)	BDT 5 Million	BDT 25 Million
Government/NGO Projects Won	10+ projects	50+ projects
Churn Rate	< 3%	< 2%
Net Promoter Score (NPS)	75+	85+

3. Target Market Segments

Segment	Typical Size	Expected MRR/Tenant
Small Training Centers	100–500 students	BDT 6,000–10,000
Medium-Sized Institutes	500–2,000 students	BDT 12,000–25,000
Large/Multi-Branch Institutes	2,000+ students	BDT 30,000–100,000+
Government/NGO Projects	1,000–50,000 trainees	BDT 0.5–50 Million (project-based)

4. Detailed Module-wise Business Requirements

(Designed for client presentation – each module includes Business Value + Exact Features the client will see)

#	Module	Business Value (Why the client needs it)	Key Features (What the client will get)
1	Super Admin Dashboard	Full visibility and control over the entire SaaS business for the platform owner	• Real-time tenant count & revenue dashboard (MRR, ARR, Churn) • Subscription expiry alerts • Top performing centers • Server health & backup status • Support ticket management

#	Module	Business Value (Why the client needs it)	Key Features (What the client will get)
2	Tenant Onboarding & Subscription	New customers can sign up and start using the system in under 2 minutes	• Public landing page → instant sign-up → payment → auto subdomain (centername.trainingpro.com) • 14-day free trial • bKash, Nagad, Card, Bank Transfer • Auto invoice & receipt generation
3	Tenant Admin Dashboard	Center owner sees the entire day's performance at a glance	• Today's collection, new admissions, due fees • Attendance percentage • Top performing batches & trainers • Quick actions panel
4	Branch Management	Centers with multiple branches (Dhaka, Chattogram, Sylhet, etc.) can manage them separately	• Create unlimited branches • Branch-wise P&L • Assign staff & students to specific branches
5	Course & Batch Management	Run both regular paid courses and fully sponsored government/project batches side-by-side	• Course → Batch → Section structure • Regular (paid) vs Project (free/sponsored) batches • Seat limit, syllabus upload, schedule
6	Student Management	Complete lifelong student profile – critical for government reporting	• Photo, NID/Birth Certificate, guardian details • Educational background, reference • Document upload (PDF/JPG)
7	HR & Employee Management	Manage trainers and staff salary, leave, and performance	• Joining date, salary structure, leave balance • Employee attendance & payroll • Trainer performance rating
8	Enrollment & Fee Management	Flexible fee collection with installments, discounts, and waivers	• 3/6/12-month installment plans • Discount, scholarship, fee waiver • Auto due reminders via SMS & portal
9	Payment Gateway Integration	Students can pay through any popular method in Bangladesh	• bKash, Nagad, Rocket, SSLCommerz, Card, Bank Transfer • Instant receipt PDF • Partial payment & refund support
10	Attendance System	Mandatory for government projects – affects funding	• Student mobile QR scan • Manual entry by trainer • Late entry marking • Monthly & project-wise reports
11	Class Routine & Schedule	Prevent class conflicts and share printable routines	• Auto conflict detection • Room-wise & trainer-wise view • Printable PDF routine
12	Study Materials & Resources	Students can study from home – increases completion rate	• Folder-based structure • PDF, video embed (YouTube/Vimeo) • Download tracking
13	Assessment Management	Conduct MCQ, written, and practical exams with auto-grading	• MCQ auto-grading, timer, negative marking • Descriptive answer PDF upload • Question randomization
14	Question Bank	Trainers create questions once and reuse forever	• 10,000+ questions storage • Category, difficulty, tags • Excel import
15	Exam & Result Management	Publish results instantly with merit list	• Auto marksheet, GPA/CGPA, merit position • Publish to student portal + SMS • Printable report card

#	Module	Business Value (Why the client needs it)	Key Features (What the client will get)
16	Certificate Management	Auto-generated professional certificates with online verification	• Drag-and-drop template editor • QR code for online verification • Bulk generation & print
17	Notice Board	Instant communication with students and staff	• Pin to top, expiry date • File/image attachment • Push notification
18	SMS & Email Notification System	Automated communication for 50+ events	• Admission, fee due, result, birthday, etc. • Editable templates
19	Student & Employee ID Card Generator	Professional ID cards with photos and QR codes	• Front + back design editor • Batch printing (PDF) • QR links to profile
20	Project-Based Training Management	The #1 reason to win government/NGO tenders – 100% compliant with SEIP, NSDA, NTPA formats	• Project creation (donor, budget, MoU upload) • Trainee application → shortlist → selection • Stipend/allowance management + bank payment • Monthly/quarterly progress reports (ready NSDA/SEIP Excel/PDF) • Asset distribution & return tracking • Post-training job placement module
21	Marketing & Lead Management (Mini CRM)	Convert Facebook/website leads into enrolled students	• Lead source tracking (FB, website, walk-in) • Follow-up reminders • WhatsApp integration • Conversion funnel dashboard
